

Your Total Foam Spraying Package

Order with One Number. Get Everything You Need.

Pre-Configured Packages Add Up to an Easy Order

- Includes all essential equipment to spray polyurethane foam insulation
- Eliminates the guesswork in choosing the appropriate equipment

Simply choose a hydraulic or electric package:

Select a Graco® all-in-one equipment package with either the Reactor® H-25 hydraulic proportioner or the Reactor E-30 electric proportioner.

Hydraulic proportioners

- Top-of-the-line
- High-output applications

Electric proportioners

- Most popular
- Best value – ideal for expanding a business

Your spray foam equipment package* includes:

- One Reactor® H-25 hydraulic proportioner **or** Reactor E-30 electric proportioner
- Supply pump package of two T1 2:1 transfer pumps
- 150 ft of heated hoses
- 10 ft whip hose
- Two Fusion air-purge spray guns
- Spray gun support parts:
 - O-ring kit
 - Fusion grease
 - 80 mesh (10) package
 - Side seals with o-rings
 - Gun cleaning kit
